-

## **Item 7.01 Regulation FD Disclosure.**

On January 29, 2013, members of the senior management team of Summit Midstream Partners, LP will utilize a slide presentation while meeting with analysts and investors in connection with the U.S. Capital Advisors Midstream Corporate Access Day in Houston, Texas. A copy of the slide presentation is available under "Events & Presentations" on the "Investors" section of our website at <http://summitmidstream.com>.

The information provided pursuant to this Item 7.01, including Exhibit 99.1, is "furnished" and shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of such section, and shall not be incorporated by reference in any filing made by SMLP under the Exchange Act or the Securities Act of 1933, as amended, except to the extent expressly set forth by specific reference in any such filings.

### **Use of Non-GAAP Financial Measures**

In addition to reporting financial results in accordance with U.S. generally accepted accounting principles ("GAAP"), SMLP presents certain non-GAAP financial measures. Specifically, SMLP presents EBITDA, Adjusted EBITDA, distributable cash flow and adjusted distributable cash flow. We define EBITDA as net income, plus interest expense, income tax expense, and depreciation and amortization expense, less interest income and income tax benefit. We define Adjusted EBITDA as EBITDA plus non-cash compensation expense and adjustments related to MVC shortfall payments. We define distributable cash flow as Adjusted EBITDA plus cash interest income, less cash paid for interest expense and income taxes and maintenance capital expenditures. We define adjusted distributable cash flow as distributable cash flow plus or minus other non-cash or non-recurring expenses or income.

We exclude these items because they are considered unusual and not indicative of our ongoing operations. Our definitions of these non-GAAP financial measures may differ from the definitions of similar measures used by other companies. Management uses these non-GAAP financial measures in making financial, operating and planning decisions and in evaluating SMLP's financial performance. Furthermore, management believes that these non-GAAP financial measures may provide users with additional meaningful comparisons between current results and results of prior periods as they are expected to be reflective of our core ongoing business. These measures have limitations, and investors should not consider them in isolation or as a substitute for analysis of SMLP's results as reported under GAAP.

Reconciliations of GAAP to non-GAAP financial measures are included as part of the slide presentation which has been posted in the "Investors" section of our website at <http://summitmidstream.com>.
