Terms used but not defined herein have the meanings assigned to such terms in the Preliminary Prospectus Supplement.

Issuer:	Summit Midstream Partners, LP
Security Ratings (Moody's / S&P)*:	B3 / B-
Trade Date:	November 9, 2017
Settlement Date:	November 14, 2017 (T + 3)
Title of Securities:	9.50% Series A Fixed-to-Floating Rate Cumulative Redeemable Perpetual Preferred Units (the "units").
Number of Units:	300,000 units.
Public Offering Price:	\$1,000 per unit; \$300,000,000 total.
Use of Proceeds:	The issuer expects to receive net proceeds of approximately \$293 million from the sale of the units, after deducting underwriting discounts and estimated offering expenses. The issuer intends to use the net proceeds of this offering to repay outstanding borrowings under its revolving credit facility.
Maturity Date:	Perpetual (unless redeemed on or after December 15, 2022 or in connection with a Change of Control Triggering Event or a Ratings Event).
Liquidation Preference:	\$1,000 plus accumulated and unpaid distributions (subject to adjustment for any splits, combinations, or similar adjustment to the units).
Distribution Payment Dates:	Semi-annually in arrears on the 15th day of each June and December through and including December 15, 2022, and, thereafter, quarterly in arrears on the 15th day of March, June, September and December of each year (each a "Distribution Payment Date") to holders of record as of the close of business on the first Business Day of the month of the applicable Distribution Payment Date. A pro-rated initial distribution on the units will be payable on December 15, 2017 in an amount equal to approximately \$7.9167 per unit. If any Distribution Payment Date otherwise would fall on a day that is not a Business Day, declared distributions will be paid on the immediately succeeding Business Day without the accumulation of additional distributions.
Distribution Rate:	The initial distribution rate for the units from and including the date of original issue to, but not including, December 15, 2022, will be 9.50% per annum of the \$1,000 liquidation preference per unit (equal to \$95 per unit per annum). On and after December 15, 2022, distributions on the units will accumulate for each distribution period at a percentage of the liquidation preference equal to the three-month LIBOR plus a spread of 7.43%.
Change of Control:	If a Change of Control Triggering Event occurs, each holder of the units may require the issuer to repurchase all or a portion of such holder's units at a purchase price equal to 101% of the liquidation preference plus an amount equal to all

accumulated and unpaid distributions thereon to, but not including, the date of settlement. Any such redemption would be effected only out of funds legally available for such purpose and will be subject to compliance with the provisions of the issuer's outstanding indebtedness.

If the issuer fails to make a Change of Control Offer, to the extent required, or to repurchase any of the units tendered by holders for repurchase as required in connection with a Change of Control Triggering Event, then, from and after the first date of such failure and until such repurchase is made, the distribution rate for the outstanding units will be 11.50% per annum (an increase of 2.0% per annum) prior to December 15, 2022, and on and after December 15, 2022, will accumulate for each distribution period at a percentage of the liquidation preference equal to the three-month LIBOR plus a spread of 9.43% (an increase of 2.0% per annum).

Optional Redemption:

At any time within 120 days after the conclusion of any review or appeal process instituted by the issuer following the occurrence of a Ratings Event, the issuer may, at its option, redeem the units in whole, but not in part, at a redemption price in cash per unit equal to \$1,020 (102% of the liquidation preference of \$1,000) plus an amount equal to all accumulated and unpaid distributions thereon to, but not including, the date fixed for redemption, whether or not declared. Any such redemption would be effected only out of funds legally available for such purpose and will be subject to compliance with the provisions of the issuer's outstanding indebtedness.

At any time on or after December 15, 2022, the issuer may, at its option, redeem the units, in whole or in part, by paying the redemption price set forth below plus an amount equal to all accumulated and unpaid distributions thereon to, but not including, the date of redemption, whether or not declared.

The redemption price shall be as follows (assuming the units are redeemed during the 12-month period beginning on December 15 of the years indicated below):

<u>Year</u>	<u>Redemption Price</u>
2022	104% of liquidation preference
2023	102% of liquidation preference
2024 and thereafter	100% of liquidation preference

The issuer must provide not less than 30 days' and not more than 60 days' written notice of any such redemption. The issuer may undertake multiple partial redemptions. Any such redemption would be effected only out of funds legally available for such purposes and will be subject to compliance with the provisions of the issuer's outstanding indebtedness.

This communication is intended for the sole use of the person to whom it is provided by the issuer. This communication does not constitute an offer to sell the units and is not soliciting an offer to buy the units in any jurisdiction where the offer or sale is not permitted.
